Work/ Planning Session:

Old Business:

-Discuss FC United fees- \$10 per player per season, not per seasonal if they play in the classic. \$5 per player for admin cost. Kyle will take this to Farmington Soccer Club for discussion.

New Business:

Laykenn Kennedy- There is a lot going on within the Aztec Club. What is the process to address the concerns with board meetings, communications, player evaluations? The process is to get a report in writing to the league, email ok, that the league can work off and address the issues stated. Emails can be sent to fcyslnmchairman@gmail.com

-3 U12 girls dropped, and there are two teams in Jeopardy. Solutions were discussed and Laykenn will reach out and encourage the players to stay on the rec team. Cameron has Brian's information and will reach out if he is looking for an assistant.

-What is the rule about guest playing? Vickie motioned to have recreational guest players that are recreational only players, so that a U15 can have up to 3 subs, U10 and U12 can have 2 subs. Armando second. Players can come from any club within FCYSL. Motion passed.

Stephanie will put this on the league website. Vickie will send the email including the encouragement to share players. Armando will notify refs. Add anomaly to the ref report, not including a temporary roster. Dual rosters will be copied to Armando as well.

-Guest players in Classic without cards should not be allowed. Armando will remind the refs of this.

-Playing up in Classic (moving forward) Tabled

-How many classic teams? Tabled.
